Special Lecture / Extension Activity

9th October 2018 : Special Lecture / Extension activity

Special lecture was organised by department of Physics. For this programme the department has requested Dr.Shrikant Ekhillikar, Associate Professor & Head, Department of Physics, Nutun Vidyalaya, Kalaburagi to deliver power point presentation on emerging areas in Physics with contest to new syllabus. On 9.10.2018 he delivered PowerPoint presentation on Super Conductivity and applications of High Temperature superconducting materials. On 10.10.2018 he delivered through PowerPoint Presentation on Nano Materials : Synthesis of Nanomaterials, Size dependent properties of nanomaterials, Chemical vapour deposition technique and physical vapour deposition technique. Applications of these materials.
