A REPORT ON NATIONAL SCIENCE DAY-2026

Introduction

National Science Day is celebrated every year on Feb 28th in India to commemorate the discovery of the Raman Effect by C. V. Raman in 1928. This discovery earned him the Nobel Prize in Physics in 1930, making him the first Indian scientist to receive this honor. The day aims to promote science awareness and encourage interest in science among students and the general public.

Objectives

The main goals of National Science Day include:

1. Spreading awareness about the importance of science in daily life.
2. Encouraging scientific temper and curiosity among students.
3. Recognizing achievements in scientific research.
4. Promoting innovation and technological development.

Theme of National Science Day 2026

The theme mainly focuses on "Women in Science: catalysing 'Viksit Bharat'", emphasizing the contributions of women scientists and innovations in building a developed India,recognizing their efforts in research technology and STEM fields.
The theme aligned with international efforts such as the International Day of Women and Girls in Science promoting gender equality and enhanced participation of women in scientific research.

Detailed Report:

On behalf of science forum and IQAC we celebrated National Science Day in our college on 28th Feb 2026. The program was inaugurated by the principal Dr. Basavaraj Hiremath.This was followed by a welcome song by smt. Jyoti Ghantimath Lecturer in Political science and welcome speech by Sri Sairam Lecture in Zoology. During the program oath taken regarding scientific temper. The chief guest of today's function Dr. Gangadhar Stawarmath, Associate Professor in English, and Dr. Laxman T , IQAC coordinator delivered keynote address on the importance of science in everyday life, highlighting recent breakthroughs and encouraging students to pursue careers in science.

On this occasion Smt. Savita Patil, lecturer in Physics, explained about importance of Raman Effect. President of the functionDr. Basavaraj Hiremath Principal addressed the students about superstitions and science in daily life.

All the faculty members witnessed the Occasion. Finally the program was concluded with vote of thanks by Smt. Sunita Math, lecturer in mathematics. We would like to thank management, Principal, HOD's and Faculty members for their support.
