Importance of "Tree Plantation and Environmental Consciousness" Program

Trees are vital to the environment. They provide us with fresh air to breathe, a shelter for birds and animals. They also provide us with wood for various purposes, along with many medicinal and spiritual properties. However, deforestation has been its main enemy. This problem needs to be curtailed to ensure that the ecological balance is maintained. Tree plantation is the process of planting seedlings into the ground. This process is in a planned manner. Tree plantation depends upon the geography and the topology of the region. Usually, planting trees that grow quickly are preferred. Many trees are indigenous and are encouraged by many to be grown to maintain natural heritage. It mainly occurs in the monsoon season in India, between June and September. Tree plantation is vital to make up for the losses due to deforestation, of which we are now suffering consequences.

Tree plantation is not only beneficial to the environment but is also crucial in the growing worries of climate change. Trees are the natural purifiers of the Earth; they take in carbon dioxide and exhale oxygen. This oxygen is required for every living being on the planet. The reason they are called natural purifiers because they take in the toxins and give out pure air for us to breathe. Trees are essential for the soil as they prevent erosion. They ensure that there is reduced erosion when it rains and keeps the soil-bound. Their roots hold the soil together, and they even draw the rain towards the ground. Another benefit of tree plantation here is that when leaves fall onto the ground, it decays in the soil and enriches it. Tree plantation is vital to increase the green cover. Trees provide us with fruits and vegetables that are required by all living beings. Tree plantation is vital to ensure that birds and many animals such as koala bears, sloths, orangutans, and tree frogs, etc. that live on trees have a home. Trees control the changes in climate. Without planting trees, lands would turn into deserts. They regulate the temperature by keeping it cooler and maintain humidity. Tree plantation is required for economic reasons as well. They provide us with timber, wood, and rubber, which help in the construction of homes, furniture, paper, and products.

A Report on Yoga Day Programme on 21st June 2017

About the Yoga Day

The International Day of Yoga has been celebrated across the world annually on June 21 since 2015, following its inception in the United Nations General Assembly in 2014. Yoga is a physical, mental and spiritual practice which originated in ancient India. The Indian Prime Minister Narendra Modi, in his UN address in 2014, had suggested the date of June 21, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world.

The Indian Prime Minister Narendra Modi, in his UN address in 2014, suggested an annual Day of Yoga on June 21, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world. Following the initial proposal, the UN adopted the draft resolution, entitled "Day of Yoga", in 2014. The consultations were convened by the delegation of India. In 2015 Reserve Bank of India issued a 10 rupees commemorative coin to mark the International Day of Yoga. In April 2017, UN Postal Administration (UNPA) issued 10 stamps on Asanas on a single sheet to mark International Day of Yoga.

On 11 December 2014, India's Permanent Representative Asoke Mukherji introduced the draft resolution in the United Nations General Assembly. The draft text received broad support from 177 Member States who sponsored the text, which was adopted without a vote. This initiative found support from many global leaders. A total of 177 nations co-sponsored the resolution, which is the highest number of co-sponsors ever for any UNGA resolution of such nature.

When proposing 21 June as the date, Modi said that the date was the longest day of the year in the northern hemisphere (shortest in the southern hemisphere), having special significance in many parts of the world.

In Indian calendars, the summer solstice marks the transition to Dakshinayana. The second full moon after summer solstice is known as Guru Purnima. In Hindu mythology, Shiva, the first yogi (Adi Yogi), is said to have begun imparting the knowledge of yoga to the rest of mankind on this day, and became the first guru (Adi Guru).

Following the adoption of the UN resolution, several leaders of the spiritual movement in India voiced their support for the initiative. The founder of Isha Foundation, Sadhguru, stated, "This could be a kind of a foundation stone to make scientific approach to the inner well-being of the human being, a worldwide thing... It's a tremendous step for the world." The founder of Art of Living, Ravi Shankar, lauded the efforts of Modi, saying, "It is very difficult for any philosophy, religion or culture to survive without state patronage. Yoga has existed so far almost like an orphan. Now, official recognition by the UN would further spread the benefit of yoga to the entire world."

A Report on Golden Jubilee Celebration of the College

7th September, 2017:

About the Society:

Hyderabad Karnataka Education Society : the prestigious educational institute of Karnataka was established in 1958 by Late Shri. Mahadevappa Rampure to cater to the needs of higher education, especially the medical, engineering pharmacy, law, education, commerce, arts, science and other technical skilled fields. The society in the process of imparting higher education in the backward region of the state has made its impact on the socio-cultural, politico-economic advancement of the region.

The Hyderabad Karnataka area is comprised of Gulbarga, Bidar and Raichur districts. Multifaceted development programmes are implemented from time to time. Inspired by democratic values, the Society is ably managed by a Board constituting the President, Secretary and 13 other elected members. Each member of the Council is a responsible and knowledgeable person with an immaculate track record.

The Society runs 39 educational institutions in various disciplines - Health Sciences, Teaching Hospitals, Technical Institutions, Degree Colleges, Pre-University Colleges, High Schools, Primary Schools, Hostels.

About the College:

These philanthropists have contributed to the steady growth of the Institute. This was only the third biggest higher co-education centre in Gulbarga district and was the only college established in the rural area of the District. In the year 1967 the institution was inaugurated under the banner of H.K.E. Society Gulbarga by Sri. M. S. Gurupadaswami, Hon'ble minister for Food, Agriculture and Co-operative, Govt. of India on 14th September 1967. In the beginning it was started in a rented building with few students. Later on it grew with full strength and equally with intellectual faculty.

About the Importance of Voting Awareness Program

India is one of the largest democracies in the world. The notion 'Government of the people, by the people and for the people' holds true only when the entire nation participates in the election process. In a true form of democracy, all the citizens come together to decide the future of the country and thereby their own. The right to vote gives the citizens of the country the power to exercise their franchise and decide collectively with the majority who they think is responsible enough to hold the highest office of the nation and carry on the responsibilities that come along with it.

However, there has always been a disconnect between the voters and the election process. It has been observed that the many voters do not take the election process seriously and do not understand the gravity of the power to vote and the responsibility that comes along with it. This is especially true in the case of the urban population where the voting day is usually considered as just another holiday since it is not made compulsory or mandatory for every citizen to vote.

The highest ever recorded voter turnout on the Election Day was a mere 66% approximately in the 2014 elections. This is a far cry from the ideal 100% voter turnout which is crucial for any democracy. There have been many cases where voters do not even register to vote or enroll themselves in the voter list thinking their single vote will not matter but are quick to blame the government and give suggestions to improve the conditions. Voting and taking part in the electoral process is more than a right. It's a responsibility that each citizen holds to select their leaders.

Hence, there has to be a fundamental shift in the thought process of the voters to realize the importance of the voting process as well as the importance of each vote in determining the future of the nation.

Importance of Voting

A voter's responsibility to vote responsibly is one of the strongest pillars of a democracy. Since voting is not made mandatory by the government, it is the moral duty of the citizens of the country to come forward and carry out this duty voluntarily. Some of the pointers that show the importance of voting in the country are mentioned below.

Source of change

While protests are one of the ways to showcase the displeasure of the citizens towards the government or any of their policies, voting is the single most important tool to register one's voice. The collective voice or mandate of the citizens of the country can be the loudest cry for change. It has been clearly seen before on many occasions that the citizens of the country are well capable of showing the door to a non-performing government and bringing about the much needed change in the country.

Significance of each and every vote as mentioned earlier, there are many who think that their vote doesn't matter and therefore do not even register themselves to vote. However, we often forget that the difference of even one vote can be the difference between a good government and a bad one, between a capable and strong head of the state and a weak and indecisive one. Hence, it is stressed over and over again for each and every individual to vote.

NOTA

This is termed by many as a game changer option. There may be such cases where the voter may think that none of the candidates contesting the election are worthy of his/her vote. For such a scenario, the Election Commission of India has introduced the option None Of The Above (NOTA) in the electoral process. It is believed that this option can also lead to a re-election scenario if the majority of voters believe that the candidates are not worthy of a chance to govern. This will result in fresh elections with fresh candidates. Such is the power of the mandate of the people of the country.

Pride in honoring the country

The right to vote is associated with a sense of pride especially with young voters or first time voters. It is seen as such in the latest trends to showcase the fulfillment of their responsibility by sharing the picture of their inked finger on various social media platforms. It is also the noblest way of honoring our forefathers who have made innumerable sacrifices and strived extremely hard to attain freedom for our nation. The Election Commission of India (ECI) also has started various initiatives to promote voter awareness and inculcate the need and importance of voting among the citizens across the country.

Suggestions to Strengthen the Election Process in the Country

While it is established that the voters have to uphold their responsibility of voting in every election, the electoral process itself can undergo certain changes that can ensure the influx of better representatives of the people or communities in the election as well as optimum fair practices to be followed by everyone involved in the process.

A Report on Voter Awareness Campaign

A voter awareness Campaign was organized under the banner of College NSS Unit on 22-02-2018 at 11:00 A.M. Sri.Mallikarjun Deputy Tahasildar of Shahabad Town addressed the gathered students the importance of the voter in the democratic Country like India, and informed all the gathered one who attained 18 years must register their name irrespective of caste ,creed and gender. Further he explained, India is one of the largest democracies in the world. The notion 'Government of the people, by the people and for the people' holds true only when the entire nation participates in the election process. In a true form of democracy, all the citizens come together to decide the future of the country and thereby their own. The right to vote gives the citizens of the country the power to exercise their franchise and decide collectively with the majority who they think is responsible enough to hold the highest office of the nation and carry on the responsibilities that come along with it. Another guest Dr.P.M. Sajjan of Shahabad town was initiated the jatha , Principal Dr.A.R. Koppalkar, Staff members and students were present in the jatha with banner and displaying the slogan's placards. At the end students were given refreshment and concluded.

About the Importance of Seed Ball Program

Increasing Green Space and Improving Food Security through Seed Balls

Seed balls are marble-sized balls of clay, earth, humus or compost, and seeds. Seed bombing is a farming technique of introducing vegetation to land by throwing or dropping the seed balls.

Seed balls help increase green space in my country (Ethiopia), but seed balls can work well anywhere with a rainy season. Seed balls have an 80 percent growth success rate in comparison to regular seedlings, which helps people farming in rural areas have a more consistent supply of food.

How to make seed balls

1. Mix equal proportions of red clay soil, black soil and compost.
2. Mix in 1 to 2 parts water slowly until you get thick, dough-like consistency.
3. Break a small piece off and put the seed you have chosen at the center (maximum of 3 seeds). Once you have placed your seed, roll the portion of dough between your hands into a marble-sized seed ball. Repeat with the rest of the soil.
4. Let them dry for 24-48 hours until they are fully dry before putting them in your garden or tossing them.

The dried clay acts as a protective barrier that will prevent damage to the seeds from common seed predators (ants, mice and birds.) Once sufficient rain permeates the clay, the seeds inside begin to germinate, helped along by the nutrition and minerals (humus) contained within the balls.

What Are Seed Balls?

- The method of capping the seeds with compost and soil and bringing it into a ball-like shape is called seed balls
- It would be a great mixture that includes everything a seed needs to grow in a natural environment.
- Planting seed bombs are a standard method of restoring damaged lands and facilitating restoration.
- Scattering the seed balls is a cost-effective and low maintenance way to plant native plants. And it is important to note that the land is protected from reaping. That's all the rest of the work will be done by the sun and the rain.

Why are seed bombs important?

- Seed balls are important because it is the easiest way to plant native plants, flowers and grasses.
- The planting method requires time and patient. In seed balls, regardless of age, anyone can plant anything without much effort.
- Additionally, the clay and humus ball prevents the seeds from drying out in the sun, getting eaten by predators like rats and birds, or from blowing away.
- We don't need to worry about areas where there is no way for watering. When enough rain has seeped into the clay, the seeds will sprout with the help of its mixture.

A Report on Seed Ball Program

The College NSS Unit on 12-06-2018 at 11:30 A.M in the College Campus. N.S.S volunteers prepared seed balls of various seeds under the guidance of faculty of Botany Department and N.S.S Coordinator. Dr. Anilkumar Koppalkar Principal of the college, staff members and NSS volunteers and participants seeded around 250 to 300 seed balls and watered them.

Principal Dr. A.R. Koppalkar and Staff members of Botany explained the importance of preparation of seed ball and seeding, further he told it is a small effort made by NSS Unit and staff of the college towards social forestation. On the mark of environment day we arranged this program and June month is suitable for such activity and hence it is executed successfully. At the end students were given refreshment and concluded.

Importance and Uses of Interview Skills

An interview is defined as a formal meeting in which one or more persons question, consult or evaluate another person. Interviews are commonly conducted by reporters to gain information on a story or by employers to evaluate an applicant for a job.

It is important to properly prepare for an interview. The interviewer should prepare a list of questions to ask the interviewee. Likewise, the interviewee should consider the questions that may be asked and prepare potential answers. If the interview is for potential employment, the applicant should dress professionally for the interview. Additionally, the applicant should bring a resume and portfolio if appropriate.

Structured interviews, also referred to as structured behavioral interviews, entail a series of open-ended questions being asked of the job seeker that focus on previous job-related experience. Each applicant for a given position is asked the same set of questions and their answers are scored based on predefined benchmarks to determine how closely their experience meets the job requirements. Some people may be intimidated by the formal, structured format of this type of interview; however, knowing what to expect ahead of time can help you to better prepare.

" Importance of A Program on Legal Awareness for Devadasi's of Shahabad Taluka"

Member secretary of the District Legal Services Authority said that it was unfortunate that the Devadasi system of dedicating young girls to the gods and exploiting them continued even today. The reason for the continuation of the Devadasi system was the high illiteracy among women, particularly among the lower strata of society in rural areas.

It is important for giving more stress on literacy activities in rural areas, that officials should give more attention to creating legal awareness among the vulnerable sections of the society and enable them to assert their rights and resist attempts to dedicate them to the Devadasi system.

The authorities should give maximum publicity and take up awareness campaign of the provisions of the Karnataka Devadasi (Prohibition and Dedication) Act and this would act as a deterrent to the people to force young girls into the system.

He said that the system was predominantly found in north Karnataka districts and few parts of neighboring Andhra Pradesh and Maharashtra. It is also advised to rehabilitated Devadasis to use the Right to Education Act educate their children in good schools.

It is also needed that the rehabilitated Devadasis should use the various welfare schemes introduced by the State government, including the Rs 1.2 lakh provided for constructing houses.

The Karnataka State Women Development Corporation also extended a soft loan of Rs. 20,000 with 50 per cent subsidy to Devadasis to start their own businesses.

Micro-loans up to Rs. 45,000 to self-help groups operated by Devadasis was also provided at low rates of interest.

"Importance of "Physical Fitness and Youth Day"

The National Youth Day is being celebrated on January 12 to commemorate the birth anniversary of Swami Vivekananda.

The National Youth Day is being celebrated on January 12 to commemorate the birth anniversary of Swami Vivekananda. In 1984, the Indian government declared Swamiji's birth anniversary as National Youth Day and since 1985, it has been celebrated to honor and recognize Vivekananda's teachings. This year, the National Youth Day 2023 theme is "Viksit Yuva-Viksit Bharat."

In India, National Youth Day is celebrated to promote awareness of people's rights and to provide information about them. Keeping the ideals of Swami Vivekananda alive and motivating young people is the main objective of the celebration. A number of programs are conducted across the nation on National Youth Day (Rashtriya Yuva Diwas), including speeches, music, youth conventions, seminars, yoga asanas, presentations, essay writing, recitation competitions, and sports competitions.

Vivekananda propounded the significance of education in nation building. He believed that education is the primary means of empowering people. He particularly emphasized education being relevant to the common masses. One of the famous proverbs of Swami Vivekananda among the youth is, "Arise! Awake! and stop not until the goal is reached."

" Importance of the Celebration of Hindi Day"

Hindi Diwas or National Hindi Day is celebrated every year on September 14 to mark the adaptation of Hindi (written in Devanagari script) as the official language by the Constituent Assembly on September 14, 1949. The first Prime Minister of the country, Jawaharlal Nehru, decided to celebrate Hindi Diwas on September 14.

Apart from Hindi Diwas, World Hindi Day 2020 is observed on January 10. The day commemorates the anniversary of the first World Hindi Conference held in Nagpur of January 10, 1975, which saw 122 delegates from 30 countries participating in it. The aim of the conference was to promote Hindi language worldwide. World Hindi Day was first celebrated in 2006 by former Prime Minister Dr Manmohan Singh with an aim to promote Hindi language across the world.

Importance of the Celebration of Constitution Day

Constitution Day (*Samvidhāna Divasa*), also known as "**National Law Day**", is celebrated in India on 26 November every year to commemorate the adoption of the Constitution of India. On 26 November 1949, the Constituent Assembly of India adopted to the Constitution of India, and it came into effect on 26 January 1950.

The Government of India declared 26 November as Constitution Day on 19 November 2015 by a gazette notification. The Prime Minister of India Narendra Modi made the declaration on 11 October 2015 while laying the foundation stone of the B. R. Ambedkar's Statue of Equality memorial in Mumbai. The year of 2021 was the 131st birth anniversary of Ambedkar, who had chaired the drafting committee of the Constituent Assembly and played a pivotal role in the drafting of the constitution. Previously this day was celebrated as Law Day. 26 November was chosen to spread the importance of the constitution and to spread thoughts and ideas of Ambedkar. PM Modi Speech On National Law Day 2021, 26 November, and also The President, Vice President and Lok Sabha Speaker also addressed the program.

Background

Since 2015 was the 125th birth anniversary year of B. R. Ambedkar (14 April 1891 – 6 December 1956), who is known as the father of the Indian constitution, the government decided in May 2015 to celebrate this year "in a big way" A special committee chaired by Prime Minister of India was announced for year-long celebrations. Various programmes will be held by various ministries and departments throughout the year to spread thoughts and ideas of Ambedkar. As part of the celebrations while laying foundation stone for an Ambedkar memorial at the Indu Mills compounds in Mumbai in October 2015, the Prime Minister of India Narendra Modi announced that 26 November will be celebrated as "Constitution Day". In November 2015, the government officially announced celebration of the day.^[14]

Celebrations

Constitution Day is not a public holiday. Various departments of the Government of India celebrated the first Constitution day. As per the Department of Education and Literacy, the preamble of the constitution was read in all schools by all students. In addition, there were quiz and essay competitions both online and offline on the subject of the constitution of India. There was a lecture on salient features of the constitution in each school. The Department of Higher Education requested various universities to arrange mock parliamentary debates in colleges, and the University Grants Commission (UGC) arranged an all-India quiz competition at Ambedkar University, Lucknow, where quiz winners of all states participated.

The Ministry of External Affairs directed all overseas Indian schools to celebrate 26 November as Constitution Day and directed embassies to translate the constitution into the local language of that nation and distribute it to various academies, libraries and faculties of Ideology. The work of translating the Indian constitution into Arabic has been completed. Department of Sport arranged symbolic run named "Run for Equality". There was also a special session of Indian parliament on 26 November 2015 to give tribute to the constitution and Ambedkar. The Parliament House complex was also illuminated on this occasion.

"Importance of the Nehru Youth Club"

Nehru Yuva Kendras were established in the year 1972 with the objective of providing rural youth avenues to take part in the process of nation-building as well as providing opportunities for the development of their personality and skills.

In the year 1987-88, Nehru Yuva Kendra Sangathan(NYKS) was set up as an autonomous organization under the Government of India, Ministry of Youth Affairs and Sports, to oversee the working of these Kendras. NYKS is the largest grassroots-level youth organization; one of its kind in the world. It channelizes the power of youth on the principles of voluntarism, self-help and community participation.

Over the years, Nehru Yuva Kendra Sangathan has established a network of youth clubs in villages, where Nehru Yuva Kendras have been set up. NYKS has targeted to identify areas of harnessing youth power for development by forming Youth Clubs, which are village-level voluntary action groups of youth at the grassroots level to involve them in nation-building activities. The core strength of NYKS lies in its network of youth clubs. Youth Clubs are village-based organizations working for community development and youth empowerment .

The basic objective for the creation of youth clubs is to render community support through developmental initiatives involving activities with a particular focus on youth empowerment. The implementation of programmes and activities of youth clubs is based on local needs and requirements by mobilizing resources from various government departments and other agencies, which include both national, State level and multilateral institutions. The youth clubs and its member volunteers form the base of the NYKS's vast national rural network.

Objectives of NYKS are twofold :-

- To involve the rural youth in nation-building activities.
- To develop such skills and values in them with which they become responsible and productive citizens of a modern, secular and technological nation. Nehru Yuva Kendra Sangathan has been working on various fronts of youth development with a variety of youth programmes of the Ministry of Youth Affairs and certain special programmes in coordination and cooperation with other ministries. The main focus has been on developing values of good citizenship, thinking and behaving in secular ways, skill development and helping youth to adopt productive and organized behavior.

Importance of the Swachh Bharat Abhiyan

To accelerate the efforts to achieve universal sanitation coverage and to put the focus on sanitation, the Prime Minister of India had launched the **Swachh Bharat Mission** on 2nd October 2014. Under the mission, all villages, Gram Panchayats, Districts, States and Union Territories in India declared themselves "open-defecation free" (ODF) by 2 October 2019, the 150th birth anniversary of Mahatma Gandhi, by constructing over 100 million toilets in rural India. To ensure that the open defecation free behaviors are sustained, no one is left behind, and that solid and liquid waste management facilities are accessible, the Mission is moving towards the next Phase II of SBMG i.e ODF-Plus. ODF Plus activities under Phase II of Swachh Bharat Mission (Grameen) will reinforce ODF behaviors and focus on providing interventions for the safe management of solid and liquid waste in villages.

Importance of the AIDS Awareness Program

HIV & AIDS Awareness Programme is necessary to curb the HIV and AIDS epidemic, Sterile has initiated an awareness drive that is aimed at truckers, contract & migrant workers and members of the local community and village dwellers. While education camps initially encountered resistance because of the social stigma associated with HIV and AIDS, repeated awareness activities have helped gain acceptance. The government of India has taken significant measures to curb the spread of HIV, at both national and state levels. But much remains to be done. Businesses can play an important part, particularly in HIV prevention but also in the care and treatment of AIDS patients. Besides, more active engagement of the private sector is critical to achieve the scale of intervention needed to curb the HIV and AIDS menace. Partnerships with local NGOs and School and College NSS Unit Volunteers and other agencies have proved critical to the success of ensuring that migrant workers are exposed to HIV and AIDS awareness programmes. Sterlite consciously works with communities in and around its facilities and geographic radius of influence, with a clear goal - to give back to society in such a way that needs of the weaker sections are responded to and improvements made in the quality of their lives, especially primary healthcare.
